THE COMPUTER BULLETIN

VOLUME ONE

JUNE 1957 – MAY 1958 1-2

INDEX

A

	PAGE
ACE, Pilot, vintage computer	21
Accounting, general	58
Administrative and Financial Considerations Affecting Computer Installation	48
Administrative organisation and management control, impact on EDP on	50
Admiralty, analogue computer for	44
American visitors	189
Applications of computers—	
Financial and Production Control	30
General Accounting	58
Inventory Control	24
Language Translation	27
Payroll and Labour Costing	64
Production Control	86
Property Records and Capital Budgets	63
Sales Accounting, Control and Statistics	68
Stores Control and Material Costs	74
Technical	9
Assistant Secretary, appointment of	152
Associate Members	182
Audit requirements	60
Automation in British Industry	18

B

Birmingham Branch	147
BIZMAC, magnetic tape equipment	115
Block & Anderson Ltd., FLEXOWRITER	119
Book Reviews	40, 129, 154, 172, 192
Booth, Dr. A. D.	24, 194
Boyles, E. E.	181, 194
British Computer Society Limited, The—	
Address, change of	159
Business Group Committee	42
Computer Journal, The	152
Constitution of	181
Council News	151, 167, 189
Council	167, 182, 183, 189, 194
General Meetings	183
Groups and Branches	183
Inauguration	1, 37, 142
Limited by guarantee	151
Members	167, 182
, membership forms	167
, students	152
, subscriptions	151
President	21, 184
Regional Branches	152, 183, 185
Groups	167, 183
News	169
Scientific and Engineering Group	190
Secretary	21, 189
, Assistant	152
Society Notes	21, 121, 151, 167, 189
Vice-President	184
British Conference on Automation and Computation	29, 165
British Standards Institution	29
British Tabulating Machine Co. Ltd., The—	6
HEC 4 (Type 1201) specification	89
New computing centre	176
Burroughs Adding Machine Ltd.—	
E101 specification	91
SENSIMATIC-to-tape machines	119

C

Cambridge Summer School	184
Capital Budgets, Property Records and	63
Cardiff and District Branch	189, 191
Clear Hill, E. C.	194
Coding requirements	59
Colloquia	141, 184
Coming events	184
Comparative Data on Machines Available in the U.K. for Clerical Users	88
COMPUPRINTER	119
Computer applications (see Applications)	
Computer Comment	160, 180
Computers and Data Processing (*D. W. Hooper*)	161
Computing centres	44, 179
Conferences—	
British Computer Society	189
British Conference on Automation and Computation	29, 165
Courses and	166
Production Exhibition and	190
1958 Western Joint Computer	151

PAGE

Constitution of The Society, The (*E. E. Boyles*) 181
Correspondence 156
Costing—
  Material Costs, Stores Control and 74
  Payroll and Labour 64
Council—
  Biographies of Members 194
  Elections 189
  Retirement of Members 182
Courses—
  Automation and Management 166
  British Council 148
  Computers and related techniques 23
  Cost Accountant's residential 148
  Dundee Technical College 131
  Program Design (Cambridge) 184
Creed-Underwood typewriter-perforator 118
CRYOTRON storage unit 153

D

Datamatic Corporation, magnetic tape equipment 115
DATATRON (*Electrodata Corp.*), magnetic tape equipment 115
DECCA, types C.1 and C.2 17
DEUCE (*English Electric Co. Ltd.*), specification 94
Douglas, Dr. A. S. 194
Dowse, R. G. 195
Durham University computer 170

E

E.101 (BURROUGHS CORPORATION), specification 91
Editorials 1, 133, 159, 179
Electrodata Corporation, DATATRON magnetic tape equipment 115
Electronic Associates Inc. 44
Electronic Data Processing, Impact of, on Management Control 50
Elliott Bros. (London) Ltd.—
  402E specification 91
  402F specification 92
  403 specification 92
  405 at Norwich Corporation 44
  405 specification 93, 153
Ellis, F. S. 195
English Electric Co. Ltd., DEUCE specification 94
ERMA (*Stanford Research Institute*), magnetic tape equipment 115
Exhibitions 44, 166, 180, 190
Experiences of Using a Digital Computer in Industry (*L. Griffiths*) 6, 30
Expertise 10

F

Ferranti Ltd.—
  MARK I AND I* specification 95
  MARK II (MERCURY) specification 96
  paper tape reader 119
  PEGASUS, installations 170, 180, 188
  , specification 97

PAGE

Financial and Administration Considerations Affecting Computer Installation 48
Financial and Production Control 30
FLEXOWRITER 119
FRIDEN calculating machines 119

G

Gearing, H. W. G. 195
Geary, A. 195
General Accounting 58
General Meetings, of the Society 183
Gill, Dr. S. 195
Gilles, Dr. D. C. 149
Glasgow Branch 149, 169, 191
Griffiths, L. 6, 30
Groups and Branches 183

H

Hartree, Professor D. R. 136
HEC 4 (Type 1201) specification 89
Holland-Martin, C. G. 195
Hollerith (see *British Tabulating Machine Co. Ltd.*)
Honorary Members 182
Hooper, D. W. 161, 196
Hull and East Riding Branch 189, 192

I

I.B.M. (*International Business Machines*)—
  610, announcement of 176
  650 specification 99
  , at Rolls-Royce Ltd. 6, 30
  704 specification 100
  705 specification 100
  705 III, announcement of 180
  709 specification 101
  century 44
  CRYOTRON storage units 153
  data synchroniser 180
  magnetic tape equipment 115, 180
  paper tape punching equipment 119
Impact of EDP on Management Control and Administrative Organisation, The 50
Imperial College 141, 184
Input/Output Methods, Mechanisms and Media 107
Input, standardisation of media 29
Institutional Members 167, 182
Inventory Control 24

J

Journal, The Computer 152

L

Labour Costing, Payroll and 64
Language Translation 27

PAGE

Leeds Branch 169, 189
Leeds University computer 188
Legal requirements, of an EDP installation 60
Leo Computers Ltd., LEO II specification 102
London Computer Group 1, 36
, Study Group Reports 47
London Meetings 152, 168, 189, 190

M

Machines, Comparative Data On 88
Machine's-Eye View, The (*Professor D. R. Hartree*) 136
Magnetic film 108
Magnetic tape—
characteristics 108
some American equipment, comparative data on 115
Magnetic Tape Computers, Some Problems of (*R. L. Michaelson*) 11
Manchester Branch 145, 192
Manufacturers' News 153, 176
MARK I *Ferranti*, specification 95
MARK II (MERCURY) *Ferranti*, specification 96
Material Costs, Stores Control and 74
Mechanisation of Thought Processes—
NPL Symposium 141
Members' Diary 23, 121, 135, 171, 179
Membership 167, 182
Mental Arithmetic 190
MERCURY (see *Ferranti Ltd.*)
Michaelson, R. L. 11
MONROBOT V, testing of 44
Mutch, E. N. 196

N

National Cash Register Co. Ltd. 119
National Physical Laboratory 44, 141
Newcastle and District Branch 169, 189, 192
News and Notes 44
News from Manufacturers 153, 176
Norwich Corporation 44, 168
Numerical Analysis and Machine Computation (*Imperial College*) 141, 184

O

Ordinary Members 182
Output—
Methods, Mechanisms and Media 107
Xerographic printer 176
Oxford Computing Laboratory 171

P

Paper tape equipment 118
Parallel Programming (*Dr. S. Gill*) 168
Payroll and Labour Costing 64
PCC (see *Powers-Samas Accounting Machines Ltd.*)
PEGASUS (see *Ferranti Ltd.*)

PAGE

PERSISTOR, development of 176
Personnel—
machine complement at *Rolls-Royce Ltd.* 8
staff and procedures 32
training 55
Pilot ACE 211
Powers-Samas Accounting Machines (Sales) Ltd.—
PCC specification 103
PCC for Australia 180
President, election of 21
Production Control 30, 86
Production Exhibition and Conference 190
Programming, Parallel 168
Property Records and Capital Budgets 63
Punched cards 114
Punched paper tape 117

R

Radio Corporation of America, BIZMAC magnetic tape equipment 115
Radix arithmetic 11
Regional Branches—
Activities 121
Birmingham 147
Cardiff and District 189
formation of 152, 189
Glasgow 149, 169
Hull and East Riding 189
Leeds 169, 189
Manchester 145, 169
Newcastle and District 169, 189
Sheffield 189
Regional Groups 167
Regional News 169, 191
Remington-Rand Ltd.—
magnetic tape equipment 115
UNIVAC I and II specifications 104, 105
UNIVAC 120 specification 106
UNIVAC Computer Division 184
UNIVAC File Computer specification 106
Role of Computers in Great Britain (*Dr. B. V Bowden*) 146
Rotheroe, J. E. L. 196
Running Statistics 36
Russian computer installations 160, 180

S

Sales Accounting, Control and Statistics 68
Secretary 21, 152, 189
Sheffield Branch 189
Sheffield's new computer 188
Solartron Ltd.—
ERA reader 153
SAKI card punch operator trainer 180
Some Applications of Electronic Digital Computers (*Dr. A. D. Booth*) 24
Some Problems of a Magnetic Tape Computer (*R. L. Michaelson*) 11
Sorting, by computer 14
Specifications of machines available in U.K. 89
Spoken word recognition 28

PAGE

Staff, and procedures 32
, training 34
Standardisation of input media 29
Stanford Research Institute—
magnetic tape equipment (ERMA) 115
Stores Control and Material Costs 74
Student Membership 152
Study Groups—
Reports of 1956/57 Session (*London Computer Group*) 47
1957/58 Session 121, 189
Sunvic Ltd., analogue computer for the Admiralty 44
Symposium—
Electronic Computer Exhibition and 44, 180
on Mechanical Translation 166
National Physical Laboratory 44, 141

T

Taxation Requirements 61
Telephone exchange, equipment for 176
Training—
of computer personnel 55
of staff 34
Translation of languages 27, 166
Transport undertakings, computers in 166

PAGE

U

Underwood-Creed, typewriter perforator 118
UNIVAC (see *Remington-Rand Ltd.*)
University Computers 170, 188

V

Vintage computer 21
Voice-operated typewriter 29

W

Wilkes, Dr. M. V. 21

X

Xerographic output printer 176
Xerography, principles of 168

Y

Yates, Dr. F. 196
